Ayush Thakur

Front End Developer

Self experienced Front End Developer with a strong background in software and web development, collaborative research, and advanced technical skills. Proven track record in enhancing user engagement, streamlining processes, agile methodology, and reducing load times. Committed to environmental advocacy and leadership, utilizing technology for sustainable solutions that make a lasting impact.

Internship Experience

Full Stack Developer - Intern

Feb 2024 - Ongoing

Centre for Research Innovation & Entrepreneurship, MIET Jammu

- Architected and developed both user and admin dashboards with a serverless backend, utilizing Supabase for the backend and database.
- Developed and integrated machine learning models, achieving a 95% accuracy rate in predictive analytics, which significantly streamlined decision-making processes.

Front End Developer - Intern Nucleon, IIT Jammu

June 2023 - July 2023

- Developed and launched a scalable web application with a user-centric UI/UX design, driving increased user engagement.
- Implemented features for a faster web response, and streamlined authentication processes to ensure a quick and efficient booking system.

Projects

People.ai

- Engineered and deployed a comprehensive system for evaluating and rating potential faculty members, incorporating advanced qualitative analysis techniques.
- Improved recruitment efficiency by using automated fitment score calculation and streamlined candidate selection, significantly improving the quality of hires and reducing the time-to-hire.

Rent Rally

- Spearheaded the development of Rent Rally, a comprehensive online car rental system, enhancing customer accessibility and convenience.
- Engineered a user-friendly interface, resulting in an increase in customer engagement.

Campus Weather Insight

- Developed and implemented Campus Weather Insight project, enhancing weather data accessibility for over 1000 students of Model Institute of Engineering and Technology, Jammu.
- Engineered a real-time weather monitoring system using React, JavaScript and Python, boosting data accuracy by 90%.

Position of Authority

IUCEE - Social Media Head, MIET Jammu

Nov 2022 - June 2023

- Led research on Sustainable Development Goal (SDG) 15 Life on Land as the Social Media Head of the IUCEE Student Chapter.
- Authored a research paper on SDG 15 Life on Land, raising awareness and sparking discussions.
- Earned recognition from the IUCEE for outstanding contributions to environmental advocacy and leadership.
